Spoken At St. ...

Down on the South Branch is the Ox Bow Club, haven for fishermen and hunters. Anyway, by lives a three year old boy, who one day this last week came up to his mother with the breathless statement, "Mommy, one of the Ox BOYS is wading in the river, fishing!" Oh, well, it struck me as funny.

The other day I came across a "yellowed piece of paper on which was typewritten 'Business man's Creed, called 'The Customer King' ... Long Live the King!' sort of thing; I hope some of the readers of the Stump will too."

"Whatever our job may be, telephone operator, order clerk, truck driver, tire builder, salesman ... we are all responsible to our customers. They pay our salaries and in return they expect quality products, quality service, and courtesy. Consider these facts."

A CUSTOMER is the most important person ever in our place of business ... in person or by mail.

A CUSTOMER is not dependent on us ... we are dependent on him.

A CUSTOMER is not an interruption of our work ... he is the purpose of it. We are not doing him a favor by serving him ... he is doing us a favor by giving us the opportunity to do so.

A CUSTOMER is not a part of it ... he is a part of it. A CUSTOMER is not a cold statistic ... he is a flesh and blood human being with feeling and emotions like our own, and with bias and prejudices.

A CUSTOMER is not someone to argue or with whom to divide the body over an argument with a customer.

A CUSTOMER is a person who brings us his wants; it is our job to handle them profitably, to him and to ourselves.

I read somewhere that a snob is a person who wants to know only the people who don't want to know him.

"My family thinks there is something wrong with me," complained a woman to a psychiatrist, "simply because I like buckwheat cakes." "But there is nothing wrong," the doctor murmured, "I like them myself." "Oh, do you?" The woman was delighted. "You must come over some day; I have seven trunks full."

Concerning my running argument with the Editor of the North Woods Call, she still hasn't seen fit to either print anything that I have said which is derogatory to guides or fishermen, or to make a retraction of her original ridiculous charges. Perhaps she and the advertisers (who originally started it and have since been busy congratulating one another on having read her editorial) think they have heard the last of Jack Pine. Perhaps they have; but then again maybe they haven't ... you never can tell.

The Conservation Department has decided that in this area of the State, grouse hunters will be limited to three "pots" instead of the usual five this coming fall. From what Jack Pine saw last fall, he doubts whether that will have any appreciable effect on local partridge hunting.

Heard one about a little boy riding on a bus and sniffling loudly for several blocks. After a number of disapproving glances, the middle-aged woman sitting next to him asked, "Little boy, don't you have a handkerchief?" "Ma'am," replied the child innocently, "But I never lend it to strangers."

Everett Mitchell of the Farm and Home Hour: "When you are arguing with a fool, be sure he isn't doing the same thing."

I read or heard somewhere that school boards consider teachers' salaries at the wrong time of the year. If they wait until the middle of the summer, every mother in town would wholeheartedly favor any raise.

Jack Pine has a nephew from Minnesota visiting for a few weeks. The lad informs me that he knows a little girl whose father is named "Anderson". He says that name is REALLY her name, and that her mother just likes to give her children unusual names. It is unusual, that I will admit.

Mr. and Mrs. Douglas Sterling and family of Cedar Rapids, Iowa are spending sometime visiting at their parents, Mr. and Mrs. Fred R. Welsh at Grayling.

Mr. and Mrs. Don Leslie left Sunday for Canada where they will spend the week vacationing. Miss Mary Lou Cole of Lansing left a few days ago as a guest of spending a holiday at her parents' home on Lake Margrethe.

Summer Program At Half Mark

Although the weather was far from being perfect for recreational activities, the attendance for the activities program for the first half was very good. To date 1387 children have participated in the program. Although this figure is very encouraging and shows the community interest in the program the recreation staff feels that there are still a good many youngsters who are not taking advantage of the program and would like to see them in attendance.

Girls softball after being rained out on the first try ran into some more bad weather on the second night and was poorly attended. However, enough girls showed up so it was possible to have a game and it is hoped more girls will be out come next Friday.

With some new teams coming into the softball league the program feels much misunderstanding would be prevented if the schedule was reprinted for use of the softball field.

The program takes the field to approximately 8:30 on Monday, Wednesday and Thursday and to approximately 7:30 on Tuesday and Friday.

This past week showed the best attendance record so far in the program with 19 taking part in Golf, 96 in basketball, 104 in softball and 167 in swimming.

Softball League Adds 2 Teams

The Crawford County Softball League has added two new teams as the second half of the split season begins this week. The new entries, playing under the sponsorship of Millikin's and Dick's Sport Shop, shape up as pretty good outfits with many experienced ball players.

The Grayling Bowling Company has started to dismantle the ruins of their former building which was swept by fire several years ago. The old building was located on Lake street just west of the New York Central tracks.

Jack Bigham is painting the trim on his home in Frederic which brightens the appearance a great deal.

Vance Harner has a new summer home under construction on county road 612 west of Frederic.

Grayling coach and Mrs. Bruce Smith will start the construction of a new home either this fall or early next spring. They will build on the site of a recently purchased on the Ausable River between Rays and Berne's canoe liveries.

The Claude Cardinals are installing new roofing, new siding and a new porch on their home.

Kiwanis Club Notes

The Kiwanis Club of Grayling at their Monday evening meeting voted to sponsor the two races for younger boys this year which preceded the start of the Tenth Annual Michigan Canoe Marathon. The rules will be the same as in the past years, one race for boys from 10 through 12 years of age from the US-27 bridge to Barton's Landing, and the other for boys from 13 through 16 from the US-27 bridge to Stephan's bridge.

As in the past, all finishers in both races will be hosted at a dinner with winners and other top placers receiving prizes. Boys who think they wish to enter the races should get some practice under their belt and place of registration for the races will be announced later.

In the absence of a planned program, a round table discussion was held on club business and on future plans for money raising projects.

Archery Meet Draws 164 Entries

One hundred sixty-four archers registered Sunday for the archery meet hosted by the Grayling Bow Hunters at their field range on US-27 south of Grayling. Despite inclement weather, all 164 shot through their morning and afternoon rounds. The archery breed seems to be somewhat akin to duck hunters as they laughed and joked at the bad weather and kept right on with their rounds.

Erwin Kestler of Flint, former National Champion took the top honors in the men's instinctive round with a score of 813. Right on his heels, one point behind was Glen Day of Grayling who shot an 812. EPA freestyle was won by Ann Marsden of Wyandotte with 735 and second going to Sue Papp of Bay City with 705.

Serving as chairman of the meet was Karl Palmater of Kalmar, who has just returned from Colorado Springs where he officiated in the National tournament. Shooters were present from all over northern Michigan and from Flint, Battle Creek, Muskegon, Benton Harbor, Lansing, Wyandotte, Richmond, St. Clair Shores and several other southern Michigan points.

This coming Sunday, the Northern Michigan Field Archers Association will hold a meet at the Grayling range and about the same number of archers are expected to take part as did last Sunday. The district covered by the Association is from Saginaw northward.

On September 29 and 30, the Michigan Bow Hunters will hold their only meet of the year, a broadhead shoot on the Grayling range. This is a statewide shoot using flying arrows and about 900 archers are expected to enter.

Last Sunday, a number of local people turned out at the range south of town to watch the rounds. The Grayling Bow Hunters issue an invitation to anyone interested to come out this coming Sunday or during the broadhead shoot in September to watch some of the best archers in the state and nation fire their rounds.

In all last Sunday counting families of those participating and local spectators about 500 people were at the Grayling range, it was said. This Sunday should bring a comparable group out while the September meet should draw over 1,000 contestants and spectators combined.

Smiggen To Meet Nelson Oil Team

Donkey Softball Game This Sunday

at 8:30 At Recreation Area

A donkey softball game is to get underway at 8:30 p.m. this Sunday evening at the new softball diamond at the City Recreation Memorial Area under the lights. The affair is being sponsored jointly by the Smiggen Angels softball team of Crawford County Softball League and the Kiwanis Club of Grayling.

Smiggen is slated to play the Nelson Oil team in this zaniest of sports.

Billed as the craziest sport, the antics of the players on the backs of the donkeys will give the crowd a real laugh. The proceeds of the contest will be for the benefit of the new backdrop at the softball diamond. Admission has been set at 75c for adults and 25c for students.

Donkey ball has been called, "Older than a rock" and "funnier than a circus". This opportunity gives the people of the area a chance to see for themselves just how funny this kind of sport can be.

A three day professional wrestling tournament, with a \$1500 purse going to the winner, will be held at the Grayling High School Gym August 16, 17 and 18, it was announced this week by Charles Piper, president of the sponsoring Grayling Club.

Piper said that this will probably be one of the largest sporting events ever held in this area as some of the country's outstanding wrestlers have already agreed to appear. The Golf Club is promoting the show with the cooperation of Ray Langin, Grand Rapids wrestling promoter.

The preliminary bouts will be held Thursday night, Aug. 16, with the semi-finals on Aug. 17, and the championship bout will be seen Saturday, August 18. Special added bouts will be seen each night in addition to the tournament matches. The world famous midgets will be seen on each night in special bouts.

Already signed for the tournament are Benito Gardini, familiar to local television fans; Jim Hardy Michigan Junior Heavyweight Champion; Big Jim Bernard, former Texas Heavyweight Champion; Dick Garza, five times winner of the "Mr. Michigan" title; Danny Terraza, former Italian champion, and many other stars well known throughout the country. A midget match has already been signed for the first night. In this bout, the Terrible will meet Pee Wee James. James just returned from a tour of Europe.

Piper said the popular prices will prevail for the tournament. In an effort to fill the gymnasium in three nights, General admission will be \$1.50 with just 400 ringside seats priced at \$2.00.

Judge Passes Sentences On Two Men

Circuit Judge John S. Shaffer stopped in Grayling near the end of last week after the July term of Osego County Circuit Court adjourned to pass sentence on Joseph A. Horning, 45, and David L. Horning, 68, both of Grayling.

The two men had entered a guilty plea to a charge of inducing liberties with a minor during the term of Circuit Court here. Judge Shaffer placed David on three year's probation and sentenced Joseph to a term of 1 to 10 years at Southern Michigan Prison at Jackson with a recommendation that only a year be served.

The pair were arrested by Sheriff John A. Papendick and Grayling Chief of Police Harold Hatfield, Jr. After appearing in Justice Court, the two men were offered a \$1,000 bond which they failed to furnish.

Local Man Honored At Harbor Springs
Alfred Hanson of Grayling, rector automobile dealer was honored at Harbor Springs last Saturday when he was adopted into the Ottawa Indian tribe at the 20th Annual Naming ceremony and pageant.

Others who received Indian names at the ceremony were: Circuit Judge Edward H. Fenlon, of Petoskey; Donald S. Leonard, candidate for the Republican nomination for governor; Will E. Hampton, St. Petersburg, newspaper publisher; Charles Grover, Maurice Clausen, Detroit lumberman; Stephen Bartush, Detroit food firm executive; Victor F. Dickson, Detroit, and Anthony S. Sagastino, Birmingham manufacturer.

The pageant recalled the settling of the area by white men who first established a permanent trading post in 1853.

It was also a part of the diamond jubilee observance of the incorporation of the village of Little Traverse and the changing of its name to Harbor Springs.

The naming ceremony was scheduled for Friday night but had to be postponed due to a heavy thunder storm. Also honored was Miss Beanne Herick, 17, of Grayling who was named a Princess in the tribe. She was named Princess Pashtimo which means lady of the woods. Mr. Hanson was named Chief Mitigwak Anini which means Man of Forest.

County Porcupine To Become A TV Star

A baby porcupine of Crawford County residence is to become a television star on a state wide network following a trade made in Grayling on Sunday.

Mort Neff, well-known outdoors writer and television program star has been on the lookout for a porcupine for his show. For some time he used a raccoon known as "Goldie" but hankered for a young "porkey" for the production.

Allan Carr of Grayling found a baby specimen and on Sunday, Neff traded Carr a nice little puppy for the young porcupine. Neff is now on his way to make the trade. So it would appear that the Crawford County youngster will soon be seen on a large number of TV viewing screens.

The young porcupine was actually the property of Chauncey and Cherie Carr, the son and daughter of the Allan Carrs. The trade was, of course, a necessity in that the two youngsters had to give up their wildlife pet.

Three Face Justice Court

Three men were taken to Justice Court last week end for two different charges. Edward Valentine, 70, of Toledo, Ohio, was arrested by Grayling City Police on Friday and charged with drunken driving. He appeared before Justice of the Peace Arthur Clough on Saturday, and paid a \$50.00 fine and costs of \$12.50 after entering a guilty plea.

Robert L. Garver, 17, of Dearborn and Lawrence B. Williams, 34, of Lansing, were arrested by Frederic Police on a charge of illegal possession of alcoholic liquor. It was also discovered that Williams was absent without leave from the U. S. Navy. Appearing before Justice Clough, both pleaded guilty as charged. Garver was fined \$20.00 and costs of \$5.00 or 15 days. He paid the fine. Williams was given a straight 30 day jail sentence but was turned over to naval authorities on Monday.

Sheriff John A. Papendick reports that three cases of dog bites have been reported in the past five days in the county. Victims of the cases have been treated at Mercy Hospital and the dogs involved are under a ten day quarantine after which they will be examined for rabies. Any symptoms of rabies should be reported at once in any of the animals, they will be destroyed, the sheriff said. He issued a warning to dog owners in the county to watch their dogs and preferably keep them confined at home.

Others who received Indian names at the ceremony were: Circuit Judge Edward H. Fenlon, of Petoskey; Donald S. Leonard, candidate for the Republican nomination for governor; Will E. Hampton, St. Petersburg, newspaper publisher; Charles Grover, Maurice Clausen, Detroit lumberman; Stephen Bartush, Detroit food firm executive; Victor F. Dickson, Detroit, and Anthony S. Guard-Chefs To Attend Camp Food School

Good food, products plus good cooks equals good meals. Good food products always are supplied for field training. To help complete the balance of the equation, a pre-camp food service school will be conducted 8-11 August at Camp Grayling for food personnel of all units attending field training there.

218 To Attend School Purpose of the pre-camp school, which will attract some 218 Guardsmen, is to train food service personnel in the proper operation of a unit mess.

A consolidated school will be conducted in the 46th Div. Artillery area, using buildings 528M, 526M, 522M, and 531M. Advice and instruction will be provided by food service technicians representing Headquarters Fifth Army, and enlisted instructors selected by commanders of 46th Div. Artillery, 125th Inf., 126th Inf., and 425th Inf.

Each company or similar size unit having authorized food service personnel may send two enlisted men to the pre-camp food service school.

Even before they get to Camp Grayling for the school, students will have to review such subjects as mess records, cook's work sheet, sanitation and hygiene, inspection, storage and handling of subsistence, special menus, organization of mess, recipes and preparation for cooking, cooking and serving food, selection of sites and establishing field messes, and care, maintenance of field equipment and field expedients.

The day of 8 August will be utilized for travel to camp and preparation of quarters and evening meal. Classes will be conducted on 9 and 10 August and personnel will be released to their respective advance detachment commanders on 11 August as such time as deemed appropriate by the school commandant.

From where I sit... by Joe Marsh

Confused "Sit"-uation

Been meaning all week to tell you about Curley Lawson's "baby-sitting" experience.

His Mrs. left him in charge, about seven p.m., with instructions not to let the children come downstairs. So Curley read his paper and whenever he heard footsteps on the staircase he ordered the culprit back to bed. Happened three or four times.

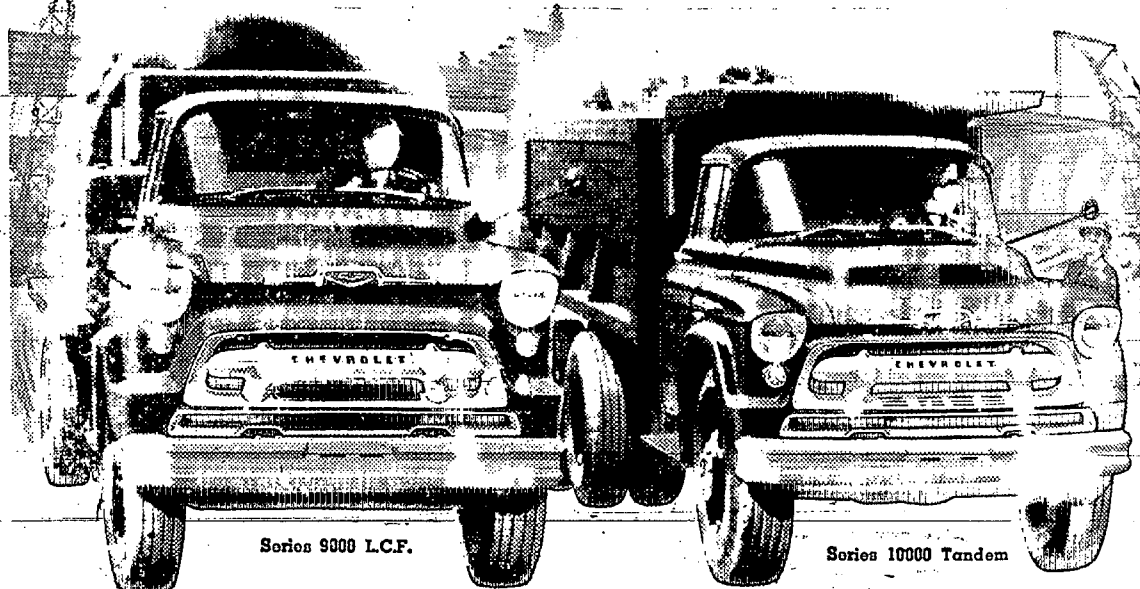

Little while later, Mrs. Miller from next door came over to inquire if Curley had seen her Sonny. "Here I am, Mom," came a voice from upstairs, "But Mr.

Lawson won't let me go home." —From where I sit, jumping to conclusions like Curley did, doesn't always make for an amusing story. I'm reminded of the people who—without due consideration—have concluded that I'm wrong to like an occasional glass of beer. Well, to my way of thinking, that's not only intolerant... but, what's more, "minding" the other fellow's business is not the American way.

In the last year corporations with assets of less than
\$250,000 have shown the greatest increase in profit
margins. They did far better than the average for
corporations of all sizes. It is true that business fail-
ures have increased since 1950. However, the num-
ber of new corporations shows a greater increase - 36
per cent against 24 per cent.

So the Chamber asks this apt question: If the pes-
simistic reports about small business were all true, how
could such large numbers of new businesses spring up?

46 YEARS AGO
JULY 28, 1910

J. H. Winegard and Victor Sall-
ing went to Charlevoix last week
for a couple of days on business.

Mrs. H. W. Harrington and daugh-
ter Ruth are spending a few
weeks with relatives at Grand
Marais, Michigan.

Rev. Fr. Webeler of Cheboygan
was a welcome guest at St. Mary's
rectory visiting Rev. Fr. Riess for
a few days this week.

We hear that the M. & N. E. R.
R. are making plans for a good
brick depot. The dimension to be
40 x 160 feet. We hope that this
is true as it will be a fine struc-
ture for this city and also a con-
venience to the traveling public.

Married—On July 26, 1910, Mr.
Roman Lietz and Miss Clara
Gross both of this place, were
married at St. Mary's church by
Rev. John J. Riess. They left on
the midnight train for AnSable,
and from thence they go out east
to spend a few weeks.

County Clerk J. J. Collins and
his wife and Ralph and Mary, and
his sister, Mrs. Emma Hauk of
Elyria, Ohio, and Mrs. Collen's
brother, Adelbert and his wife
and two children of Lizzie Foley
and family were in Oscoda last
week, leaving here with two boats
Friday morning and camping at
the mouth of the South Branch
vic. that night, and reaching the farm
the next noon.

It's only July—
so may miss the fun?

(It's a great time
to buy a Buick!)

Because, eager as a colt in clover, it can barely
wait for key and throttle to turn loose the
boundless power of its big 322-cubic-inch V8
engine that revels in running...

Because it spices every moving moment with
sweet-riding joy that makes even the simplest
errand an enjoyable excursion...

And because you relax in the wide open spaces
of its rich interior—while Variable Pitch
Dynaflow* performs its pace-making magic with a
smoothness matched nowhere else on wheels.

So why waste time?

Come let the Buick you could be driving show
you what wonderful sense it makes to buy in
July.

Come now—the model that matches your ideas
and dollars may be ready for delivery this very
week—and at a whale of a fine deal too good
to pass up.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow
Buick builds today

S. Air Force Base. They were also allowed to inspect one of the planes used to transport mail. The trip was very educational as well as fun for all. During the trip, the group decided to eat supper in Cheboygan. By the time they arrived, everyone was so hungry that Lucille Wales lost the tip of the first finger on her right hand in the confusion and rush of getting out of the car and into the restaurant. Not to be daunted by the accident, everyone walked to the restaurant to eat. Lucille even managed to eat a good supper with her left hand, even though all the ribbing and joking about her finger.

A wing pin was awarded to Robert Houghton for 20 hours; for 100 hours were given to William Nichols, Lloyd Jennings, Ann Smith, Harold Edwards, Maxine Fenton, George Quinn and Edith Long. Lucille Wales received her 250 hour merit.

Blue Sunoco used by more Automotive Engineers than all other premiums combined

IT'S PREMIUM IN EVERY WAY... STILL AT REGULAR GAS PRICE

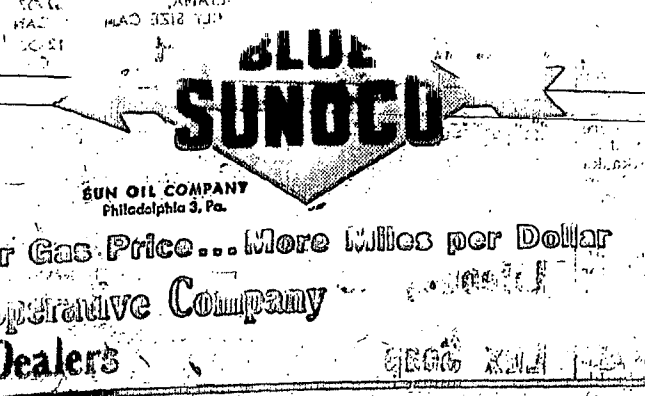

We invited a large group of automotive engineers to try Blue Sunoco, boosted in octane, in their own cars and give us their reactions. The results of this survey, compiled by an independent firm of certified public accountants, make New Blue Sunoco the favorite.

43% already are users of Blue Sunoco. Of the 1,166 engineers who reported on '56 Blue Sunoco, 43% told us they were already users of our gasoline. This was a far greater number than reported using all other premium gasolines ever had!

Blue Sunoco is recommended for the newest high-compression cars when owners' manuals specify a premium gasoline.

Up again in octane Blue Sunoco is the only gasoline that meets the new higher premium octane standards and sells at regular gas price. Follow the lead of automotive engineers. Make your own 10-gallon test today.

\$14 Million Storm Damage Across Southern Michigan, Insurance Survey Reports

Southern Michigan's violent stormy Spring caused insured damage approximating \$14,000,000 to more than 23,000 residences, businesses, industries, farms, mobile homes and automobiles. Total damage was estimated at between 21 and 23 millions.

There is no single point of compilation for insured storm losses, but this estimate of losses paid or in the process of payment by fire and casualty companies represents the composite judgement of the insurance adjusters, as obtained by a Michigan Insurance Information Service survey.

The record-breaking onslaught of tornadoes produced the spectacular losses. BUT NON-TORNADIC WINDS AND HAIL CAUSED A FAR GREATER NUMBER OF LOSSES AND A LARGE PROPORTION OF THE DOLLAR VOLUME OF DAMAGE.

Hailstones as large as baseballs which struck Muskegon and several other communities on May 12 were particularly destructive to automobiles. Tops, hoods, trunks and fenders were so severely dented that in many instances the metal was stretched and could not be repaired by bumping. Windshields, window glass and headlights were smashed, and body finish was badly scraped.

Losses were estimated to average more than \$300 per car. A single company paid hail losses to cars totaling more than \$150,000 in Muskegon alone.

In Flint, where a tornado caused approximately 100 total losses, general wind damage affected a 12-square-mile area. Television antennas alone represented a more than \$150,000 insured loss in this area, with approximately 3,000 of them destroyed or damaged.

MANY HUNDREDS OF LOSSES RESULTED FROM WIND AND HAIL STORMS IN BOTH SOUTHWESTERN AND SOUTHEASTERN LOWER MICHIGAN DURING MARCH, WHICH DID NOT ATTRACT GENERAL ATTENTION.

The disaster program of insurance companies and adjusting services moved nearly 200 storm-trained adjusters and secretaries into the storm areas. In Coordination with hundreds of insurance agents, the adjusting staffs worked 14-hour days and 7-day weeks throughout March, April and May, and into June.

Total losses generally were paid within a matter of two to three days, as companies expedited proof-of-loss procedures, and agents and adjusters cooperated to place the homeless and those out of business at the top of the list. Public cooperation in recognizing the prior need of those who suffered the most was praised by both agents and adjusters.

Ingenuity by adjusters helped speed many loss payments.

In several instances automobiles and mobile homes were torn apart and scattered beyond identification, and titles were blown away. With communications circuits damaged, and overloaded by the emergency, one company set up special teletype circuits to check insurance records with its home office, and to obtain title verifications. Another company's adjusting crew toured four badly-damaged trailer parks in a car equipped with radio-telephone, seeking out the company's insureds, clearing records with its home office, and paying losses on the spot. These adjusters also ordered new mobile homes for several insureds, and in one storm area had new units delivered to seven families the day after the storm.

OWNERS OF DAMAGED PROPERTIES LEARNED FROM THE ADJUSTERS THAT THEY HAD MORE INSURANCE PROTECTION THAN THEY KNEW. ADDITIONAL COVERAGES FOR GARAGES, PLAYHOUSES, DOG-HOUSES, AND SIMILAR OUTBUILDINGS, AND FOR EXTRA LIVING EXPENSE DURING REPLACEMENT OF DAMAGE, HAD BEEN ADDED WITHOUT CHARGE TO ALL POLICIES, AND MADE RETROACTIVE. LAST FALL, THESE, OF COURSE, DID NOT APPEAR ON OLDER POLICIES, BUT THE ADDITIONAL BENEFITS WERE PAID WHEN THE LOSSES WERE ADJUSTED.

THE STORMS REVEALED ALSO, THE EXTENT TO WHICH MANY PROPERTY OWNERS HAD CHOSEN TO CARRY THEIR OWN RISK OF LOSS.

Standale, Grand Rapids suburb whose business district suffered 33 losses, 22 of them total, is more than half rebuilt. Reconstruction began the day after the April 3 tornado, and many establishments were back in business on a temporary basis within three weeks. Several members of the Standale Business Men's Association said they had not carried full-value insurance. But were it not for the insurance they did carry, they added, this vigorous young shopping center for a broad suburban residential area would not be rebuilding. INSURANCE PROVIDED BOTH THE IMMEDIATE FINANCE AND, THE CREDIT BASIS FOR RESUMPTION OF BUSINESS.

THERE WERE SOME INSTANCES OF OWNERS WHO CARRIED ONLY FIRE INSURANCE, WITHOUT EXTENDED COVERAGE, AND THEREFORE HAD NO WINDSTORM PROTECTION. AND SOME CARRIED INSURANCE ONLY TO THE LIMIT OF A MORTGAGE OR LAND CONTRACT, WITHOUT PROTECTION FOR THEIR EQUITY IN THE PROPERTY.

IN MANY INSTANCES, INSURANCE COVERAGE HAD NOT BEEN KEPT ABREAST OF INCREASING VALUES OR ADDITIONS TO BUILDINGS OR CONTENTS.

AND ALTHOUGH SOME TORNADO-LEVELED BUSINESSES MAY REQUIRE FIVE TO SIX MONTHS FOR REBUILDING, VERY FEW CARRIED BUSINESS INTERRUPTION INSURANCE.

(Reprinted From The Capitol Digest)

Some Of The Main Points In This Article Reveal:

- (1) Many people carried insufficient insurance to cover their investment.
- (2) Some people carried only fire insurance, thereby losing when they suffered wind damage.
- (3) Some carried just enough (so they would not be insurance poor) to cover the amount of mortgage or land contract, as the case might be, so their equity was a total loss. In other words, these persons paid insurance premiums for someone else, but did not think they would need any coverage for themselves.
- (4) Apparently very few business places carried Business Interruption Insurance. In most cases, this means several months' loss of business income, which could have been saved at the small cost of an insurance premium.

It is the same old story - "Not enough Insurance."

Why be under-insured when it costs so little to be fully protected.

Wouldn't you rather be \$25.00 or \$50.00 poorer for the reason of more insurance than \$4,000 to \$5,000 poorer for the reason of no or not enough insurance? We know, we would.

Why put so little value on your efforts, which in effect produce the homes you live in, the cars you drive in, and the business that supports you and your family. We all know, in most cases at least, how long and how hard we have worked for what we have. Why not safeguard hard earned properties?

The above is printed with our compliments.

BOWLING DOPE

My alley record of 279 really got a good shaking up Thursday when Mr. Goralczyk of Detroit rolled 935 for four games, started with a 208, 192, 268 and came back with a 267, he bowls with a classic league in Detroit and packs a 207 average there, it was sure nice to watch him pitching them in.

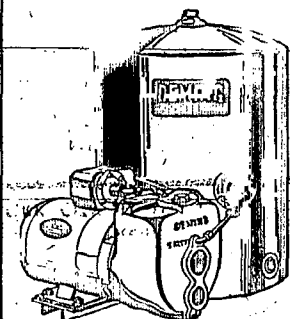

In the scotch doubles Sunday, May and Bud Sartor came out on top with 466, followed by Bud and Louise Hatfield, and Jeri Hoffman and yours truly with 457.

There are a lot of people that are missing a swell time by not showing up for these matches, and until you actually get in on them you can't realize just how much fun you can have, by drawing names for partners it adds to the fun for everyone. The price is just \$2.00 per couple so it's not costing anyone very much, with 80 cents of that going into the prize money. Why not turn out next Sunday night for a whirl at it, we start at 7:30 p. m. and all finished up by 8 p. m. so there's still time to do whatever else you have in mind.

We will have our first bowling meeting the early part of August, definite date to be decided later at which time it is hoped to get things organized so we can start early and finish earlier than previous years. Better start getting your teams and sponsors lined up for this.

Six County Women Attend Conference

Among the 1,300 women attending the 29th annual Homemakers Conference at Michigan State University this past week were Mrs. Iola Broadbent, Mrs. Beatrice May, Mrs. Joan Papendick representing the Penny Pinchers Home Demonstration Group, Mrs. Lucille Howse and Mrs. Opal Hamblin, the Maple Forest Group, Mrs. Mildred Johnson, County Chairman, Mrs. Margie Widrig, Gaylord, provided transportation.

The theme of the conference, Extending Our Horizons, began with Mrs. George Apperson, Chairman of County Women's Council, U.S.A. opening the session, speaking about A Look at Our World and Our National Organization. Films on Ceylon, where the next world conference of County Women are to meet, and Oldinaw Progress were shown by Miss Ruth Peck in the evening, for fun there was dancing on the green, led by Bob and Sue Copland.

Talks on Interpreting American Family Life at a World Trade Fair by Doris A. Piper, Anco Mig. Corp., the Homemaker as a Business Woman by Mrs. Edythe Peck, Birmingham banker, who warned homemakers "Never before has there been so much temptation to buy things you don't need, and can't afford." Carol Lane, travel columnist, gave the homemakers suggestions on how to Rediscover America by Car.

Perhaps the outstanding speakers of the week were on Thursday when Donald Buck, Army Traffic Safety Authority, spoke on Safety Begins at Home. The Army experts' statements gave emphasis to the importance of the highway traffic safety program which the women of Michigan's home demonstration groups plan to institute during the year.

In Gov. G. Mennen Williams' talk, the home demonstration women were commended for their plan of the traffic safety program to make our highways safer. A humorous talk by Tennyson Guyer, Ohio's Ambassador, at Goddard, was enjoyed by everyone present.
